

YOU COULD BE THE NEXT

RESIDENTIAL ELECTRICIAN

ERMCO's Residential Electricians are an important part of the ERMCO team. Our residential department is growing quickly and we are looking for qualified people to join us. From new residential construction to installations of electric vehicle (EV) chargers and home stand-by generators, there is a variety of opportunities for experienced Residential Electricians at ERMCO. You can grow your career while earning great pay and benefits through the IBEW's Construction Electrician (CE) program. **PAY BASED ON EXPERIENCE.**

IF YOU ARE:

- ✦ A motivated self-starter – the ability to show up and get right to work is essential.
- ✦ Proficient at reading blue prints – an experienced electrician is able to determine an accurate scope of work and materials needed from the blue prints.
- ✦ Able to lead a team – in most cases, you will be working with a team, and a good team leader effectively communicates issues and changes with team members and the rest of the department.

AND YOU:

- ✦ Are interested in advancing your career – ERMCO offers growth opportunities for motivated people who excel in their roles.
- ✦ Love working in a fast-paced environment – schedules are quick and deadlines are tight.
- ✦ Want to work for an industry leader – ERMCO is the largest union electrical contractor in Indiana. We have been recognized as a IndyStar Top 10 Workplace eleven years in row, an Indiana ESOP Company of the Year, and an ENR Midwest Top 5 Electrical Contractor.

BENEFITS OF BECOMING AN ERMCO RESIDENTIAL ELECTRICIAN:

Being part of a motivated team of professionals

An ERMCO take-home service vehicle (with the necessary experience)

Great pay (based on experience)

Work for an industry leader!
