THE COMPANY

ERMCO is an industry-leading electrical, systems and automation contractor working on landmark projects throughout the U.S. As a full-service specialty contractor, ERMCO provides design, integration, installation and maintenance services and has expertise in electrical, systems (audio/visual, security, access control), temperature controls, building automation, and energy solutions for all types of projects.

THE ERMCO CULTURE IS AMAZING. FROM THE FIRST DAY, I'VE HAD THE OPPORTUNITY TO APPLY MY CLASSROOM KNOWLEDGE TO REAL SITUATIONS AND USE CRITICAL THINKING SKILLS TO SOLVE PROBLEMS AND EVALUATE ELECTRICAL SYSTEMS."

THE PROGRAM

The ERMCO Internship Program provides real-world experience and mentorship to aspiring young professionals, helping grow the person and the industry. The skills you obtain through our program set you on the path to becoming a well-rounded construction professional.

From the first day, you are part of the team, taking part in staff meetings, company events, and working alongside accomplished professionals.

The annual program runs from late-May through mid-August and is **100% in person**.

Activities and events include:

- Orientation day
- Technical training
- Jobsite Visits
- Lunch & Learns
- Social events
- Mentoring
- End-of-summer reporting ceremony attended by all interns, the executive team, and department managers and directors.

REQUIREMENTS & ELIGIBILITY

The ERMCO Internship Program is open to college students studying a relevant field of education (i.e. Construction Management, Engineering, Business, and more). The student must have a valid driver's license and pass pre-employment drug screening.

JOIN THE TEAM!

Each summer, operations interns will rotate through multiple experiences in our construction operations team.
